

THE *CIVIL* NEWS LETTER

Department of Civil Engineering

The Department of Civil Engineering at Holy Mary Institute of Technology & Science was established in the year 2011. B. Tech, (CIVIL) Program was duly approved by the AICTE and Government of Andhra Pradesh and affiliated to Jawaharlal Nehru Technological University (JNTU), Hyderabad. It has intake capacity of 120 students. All the laboratories are well established with state of the advanced equipment. The department has highly qualified and experienced faculty and technical staff. An innovative teaching impart industry demand courses and make the students industry- ready.

From the Editorial Board

In selecting content, the editor works in consultation with the staff and with other members of the College community with several factors in mind, including.

- A respect and concern for the institution's history mission and values.
- A commitment to providing balanced and timely coverage of issues;
- A concern for maintaining the institution's commitment to open discourse.
- A concern for readability and attractiveness of presentation.

The editor welcomes suggestions concerning content but can make no assurances regarding the use of suggested or provided material. Although no single issue of the magazine can fully reflect the diversity of the College and its family, the editor will make every effort to represent, over the course of time, the great diversity of interest, opinion, and background inherent in the newsletter's readership.

Faculty publications

- **Dr. M.S.CHAUHAN** has published a paper entitled “Case Study and Design of Foundation of Railway over bridge” at International Journal for Science and Advance Research in Technology in the month of September 2018.
- **Dr. UMA BHAWSAR** has published a paper entitled “Investigation of Performance at Hyderabad-Yadgiri Toll Plaza” at International Journal of Research in the month of September 2018.
- **Dr. SYED OMAR** has published a paper entitled “Passenger Car Equivalent for the Heterogeneous Traffic on Divided Rural Highways based on Simulation Model” at Transportation in Developing Economies (TIDE) in the month of September 2018.
- **M.HARISH KUMAR** has published a paper entitled “Re Using the Construction Waste Remained after Effect of Natural Disaster” at International Journal for Science and Advance Research in Technology in the month of September 2018.
- **J.VENUGOPAL** has published a paper entitled “Poly Bricks” at International Journal for Science and Advance Research in Technology in the month of September 2018.
- **A.NAGA RAJU** has published a paper entitled “Stabilization of Soil by Using Stone dust” at International Journal for Science and Advance Research in Technology in the month of September 2018.
- **PARUCHURU ANIL KUMAR** has published a paper entitled “A Study of Construction and Operation of Outer Ring Road in Kandlakoi” at International Journal for Science and Advance Research in Technology in the month of September 2018.

Skill Development Programme

Bharatiya skill Development University Program has been conducted in HITS Campus on 24 Oct 2018.

On this Occasion Honorable Chairman Dr. A.Vara Prasad Reddy Garu addressing the gathering.&The Guest Mr.Alok Singh Delivering key note address.

Felicitating the Guest Mr.Alok singh From Honorable Chairman & Secretary of HMGI

MOU Between Bharatiya Skill Development university & HMGI for Student Exchange programme

Bathukamma 2k18

Bathukamma is floral festival celebrated by the Hindu women of Telangana. Every year this festival is celebrated as per shalivahana calendar for nine days starting Bhadrapada amavasya (also known as mahalaya amavasya or pitru amavasya) till Durgastami, usually in September-October.

The Bathukamma's were then taken in a procession to the entrance where women employees played in circles around bathukamma singing the popular bathukamma songs.

Women employees of the college prepared bathukamma using a variety of wild flowers in vibrant colours including - gunugu, tangedi, banti, chamanti, gummadi etc.

Industry visit

IInd Year-Industrial visit

The CEMEX INFRA PVT.LMT at Cherlapally in R.R. Dist. Was visited by the students and faculties, to know about the preparation of cements and practices held in the site. The site was including in different types of cements and minerals and the students were explained about different type of cements.

IIIrd Year-Industrial visit

The under construction work of FOUNDATION ,SLABS ,TRUSSES AND COLOUMNS at A.V CONSTRUCTIONS INDIA PVT.LTD at TARNAKA , Rangareddy District , visited by the students and faculties, to know about the construction methods and practices held in the site. The site was including a steel structure and Reinforced Concrete structures and the students were explained about different type of constructions.

IVth Year-Industrial visit

An **Industrial trip** was organized by the Civil Engineering Department for the benefit of students to have the **practical knowledge** in civil engineering field. The **Final year students** were taken for the visit with the assistance of class in-charges and related teachers.

The visit was held on **03rd NOV 2018**, to a site which was under construction by the **A.V CONSTRUCTIONS INDIA PVT.LTD** at **MEDIPALLY(PEERZADIGUDA)** , Rangareddy District

The industrial site visit, went smoothly by the guidance of **Mr.Subbaiah** , **Mrs M.Mounika** , **Mr.Amar kumar** Faculty of civil Engg. Department , HITS, Bogaram.

TEACHERS DAY & ENGINEERS DAY CELEBRATION IN CIVIL DEPARTMENT (Civician'18)

Head of the department addressing the gathering and sharing his views about Teacher's day & Giving his valuable suggestions to students

Director Sir giving his Motivational speech to the students & Staff of Civil department about Teachers & Engineers day

Felicitation to the Director Sir by civil HOD sir

NSS Activities

Ganesh Immersion 2k18

It is a practice of bidding the laddu before Ganesha's immersion. This tradition of bidding it has been continuing for nearly two decades now, and it is believed that the laddu brings prosperity to whoever wins it in the auction.

The festive fervour in Hyderabad has reached fever pitch on the occasion of Ganesh Chaturthi. Like every year, the Ganesh Laddu of HITSCollege was put on auction on and sold to the highest bidder 4th year ECE Mr. Rajashekhar has won the Laddu.

Freshers Day-2018

Fresher's Day is a welcome party to newcomers and there is a need to be friendly and motivate juniors. But these days, fresher parties have become fashion shows and are celebrated in college. Though we enjoy a lot in such places, it also attracts youth to unhealthy habits.

Introducing all the faculty by HOD Sir to the Civil 1st Year students

Director sir Participating in Ramp walk with students

HOD sir addressing the students of civil department

Students are giving the performance on Freshers day from 1st year CIVIL Dept

PARENT-TEACHER MEETING

Department of Civil Engineering Conducted Parent-Teacher meeting on 13-10-2018

HOD sir Interaction with parents on Parent-Teachers meeting.

SOFT SKILL CLASSES

Soft skill program is conducted for the final year Civil students, The trainer's name for soft skill program are as follows:

1. B. KrishnaReddy
2. S. Kennady Bau
3. B. Harinath

Student actively participated in the soft skill session like, how to introduce yourself to interviewer.

Vision

- To build young Technocrats by imparting their technical knowledge in the field of Civil Engineering,

Mission

- To provide a knowledge base of emerging technologies in all the areas of civil engineering.
- Continuously improve upon academic and systems and creating an atmosphere conducive to learning in order to maximize the number of students securing University Ranks and Higher studies.
- To contribute for the society by producing qualitative civil engineering graduates and also by conducting service oriented training and development programmes.

Program Educational Objective

PEO 1:

To prepare the students for entry into successful employment as software engineers in industry, service, consulting and/or government organizations or for advanced study at leading graduate schools in engineering, business, management or other technical or non-technical fields.

PEO 2:

To encourage teamwork skills among the students to design and implement complex software systems, particularly the ability to work with people from other fields in integrated engineering teams and develop the leadership skills for maximizing the performance of those teams.

PEO 3:

To offer a curriculum that encourages students to become broadly educated engineers and to equip with the attitudes and skills to foster learning themselves for life long, an ability to communicate effectively with various audiences and function as responsible member of the global society.
